- your property is not used principally for commercial, industrial, business or farming purposes

## People living in retirement villages

Most retirement village residents who hold a licence to occupy agreement are able to apply. A separate retirement village operator certificate needs to be filled in by your retirement village operator. Submit it with this rates rebate application form.

You can get the certificate from: [www.govt.nz/rates-rebates](http://www.govt.nz/rates-rebates).

Talk to your local council or your retirement village operator for more information.

## Owners of company-share apartments (owner-occupier flats)

If you are an owner of a company-share apartment, you might be eligible for a rebate.

A company share apartment is a residential flat/apartment that you own and have a lease (exclusive possession) or license (right to occupy and use) to occupy because you:

- are a shareholder in the company that owns the land the flat/apartment is built on, or
- own a financial interest in the land the flat/apartment is built on.

You will need to complete a separate company-share apartment rates rebate declaration form and submit it with your rates rebate application form. You can get the declaration form from:

- your local council, or
- [www.govt.nz/rates-rebates](http://www.govt.nz/rates-rebates).

## Residents of trust owned properties

You can only apply if you are:

- a named trustee, and
- named on the council rating information database (RID).

## Proof of income

Proof of income is required. Check with your local council to see what their proof of income requirements are. These could include:

- income confirmation from Work and Income or Inland Revenue
- investment earning statement for the tax year
- statement of earnings from your employer.

## Proof of self-employed income

If you are self-employed, you need to provide satisfactory proof of income for the tax year 1 April 2022 to 31 March 2023. This includes:

- a copy of your complete set of financial accounts, or
- the IR3B or IR10 form you provided to Inland Revenue.

Business losses cannot be offset against other income.
